

# Saudi Arabia Signature Projects

*B&W Energy Services continues to develop relationships as we grow our Saudi Arabian Location in Jubail KSA. Our presence in this region is due to the experience and professionally maintained equipment we bring to each project. Our attention to detail and our safety record are paramount to our success. By providing coded (B31.3) piping we can demonstrate our commitment to quality and safety.*

*B&W's commitment to working together to help drive a successful project to completion is one of the main reasons we continue to grow. Our clients continue to trust us and want to ensure their projects' success. As the leading provider of pre-engineering and pre-commissioning cleaning services, we have to prove our commitment every time and our strategic locations are designed for quick response.*
